

## Whiteface CISD

### School Health Advisory Minutes 2-15-18

- I. Update on Summer Feeding Program Waiver - The waiver has been approved. WCISD will not be offering a summer feeding program this year.
- II. Items for Information/Health Concerns
  - a. Food Service Department - "a la carte" sales are going good. "a la carte" options include: a variety of baked chips, ice cream bar, fruit bar and cookies. All options are smart snack compliant.
  - b. We had our Christmas Blood Drive on December 13, 2017. We collected 4 products. One donation can save up to three lives. Our next blood drive will be Tuesday, April 3, 2018.
  - c. We will not be having a student immunization clinic this Spring. Calvert Home Health is no longer offering this service to school districts. I will be reaching out to clinics in the area to see if this is something they may want to offer. The immunization clinic has been a great service to our district and families.
  - d. We have seen an increase in flu and/or strep cases in January. We have reinforced hand washing and not touching the T Zone (eyes, nose and mouth).
- III. Next meeting will be in April/May 2018.
