

If you have not already completed online registration for the 2018-19 school year, please access your Family Access account and completed the registration process. This online process replaces the need for you to fill out any forms at the beginning of the school year. **Your child is not enrolled until you have completed the online registration.** If you need assistance, you can come up to the administration office M-Th 8:30-3:30. Secondary students cannot pick up their schedules until registration is complete. The HS computer lab will be available during schedule pick-up for parents to complete the process
